

NABL accreditation, **prepared right**: from gap to grant.

End-to-end NABL accreditation preparation and empanelment support, aligned to ISO/IEC 17025:2017 (testing & calibration) and ISO 15189:2022 (medical laboratories). Led by a certified ISO/IEC 17025:2017 Internal Auditor with 25+ years of European quality and measurement-science leadership. We take laboratories from readiness gap to accreditation grant, and keep them surveillance-ready thereafter.
